

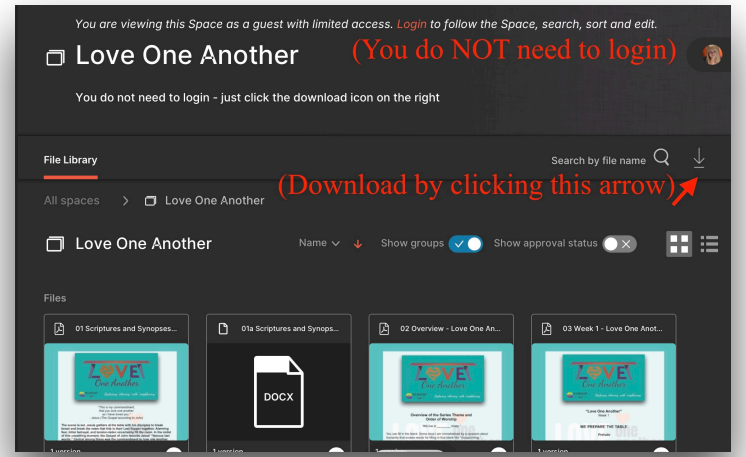
Thank you for your donation!

DOWNLOAD all the files for this worship series at **THIS LINK.** But please read further…

Please note that if you are reading this on your phone, you will want to send this URL you are on right now to yourself so you can download the files onto your COMPUTER. There are lots of files and downloading will be easiest there.
Be sure to bookmark the link above or save this page so you can get back to it.

We use a file sharing system called "Hightail." You DO NOT need an account there to download. Simply click on the download icon on the upper right side. Here is a photo to help you



• Most files are presented as PDF's (so you always have an original copy) and WORD files (the ones from which you will adapt and copy/paste).

www.worshipdesignstudio.com

- Some are compressed in .zip files (such as original music scores and recordings) so you will need to extract them (if you don't know how, just ask google).

- Some are video files (like our trailers that you can put in your editing software to add your church's information).

- There are links to templates in Canva in some of the documents so you can customize our graphics (like series logos, devotional journals, and social media posts). We use Canva Pro and if you need to know how to get a free account, check out this link: Canva for Nonprofits

The files are all numbered so that (hopefully) when they download to your computer, they are in an order that makes sense.

Feel free to share files with your worship team but please don't share with other churches. I've made these prices very affordable so simply send them to www.worshipdesignstudio.com so they can get their own or contact me to request a philanthropist scholarship. Thank you for understanding!

My prayers are with you.
I am honored to be in ministry alongside you!

Peace & Passion,

Marcia McFee, PhD
Creator and Visionary,
